

Distinction

Distinction D6315 with NG Flame
(shown with speckled stones and driftwood)

MONTIGO[®]
the art of **fireplaces**

The perfect combination of performance and design

A contemporary fireplace overtaking your entire
range of vision with elegance and style

Versatility

The Distinction adds tranquility and warmth to your home. Your desired media can completely cover the bed of the firebox, enhancing the ambience even when the fireplace is not in use.

Customization

From the heat distribution kit all the way to the Invisimesh screen, the Distinction series offers endless options to tailor your fireplace to your space.

Our Guarantee

Rest assured our uncompromising quality and long-term reliability is backed by our limited 10-year warranty.

Distinction D7215ST with NG Flame
(shown with standard Star Ice fireglass)

Distinction D Series

The Distinction offers a wide scope of luxury with ample viewing area while maintaining a 18½” framing depth. You won’t have to sit close to the Distinction to feel the heat, as it features standard circulating fans to warm any space. You can enjoy a more gentle flame and heat with the 30% turndown. The unit also comes standard with reflective ceramic glass liners, multi color LED uplighting, ceramic glass and a full function remote.

Distinction DL Series

A simplified version of the D Series, the DL Series has the same proportions to add personality to any space. The DL ambitiously features a concealed linear burner and a non intrusive invisimesh screen. Any options that are standard to the fully loaded D Series can be added to the DL, giving you complete freedom to customize and match to your space.

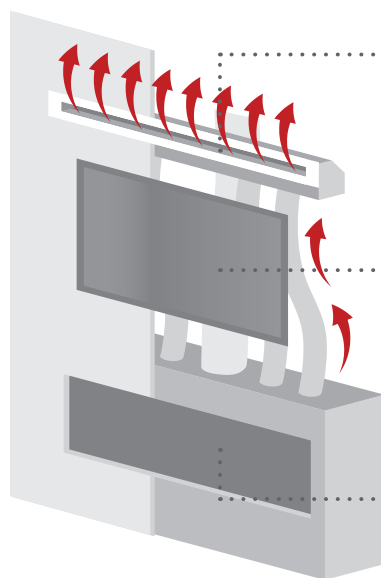

Distinction D3615 with NG Flame
(shown with speckled stones and driftwood)

Distinction Cool Wall Advantage

*Elegance & heat,
exactly where you want it.*

*Diverting heat away from the wall,
keeping your tv or artwork safe.*

190°F / 87°C Heat Vent

Heat is diverted through the Cool Wall Advantage kit, safely bypassing the space above the fireplace.

100°F / 38°C Cool Wall*

Wall temperature is cool, creating an area safer for mounting a TV, or hanging artwork.

550°F / 287°C Glass

Reduced glass temperature, combined with the provided screen creates a safe viewing area.

*100°F / 38°C temperature taken at 30" above fireplace opening

36" and 42" version does not include non combustible framing kit
 Chase venting is needed for safe operation of the unit, see instruction manual for detailed instructions
 Minimum distance from unit base to ceiling is 89"

See though version includes two sets of non combustible framing and concrete board.
 36" and 42" version does not include non combustible framing kit
 Chase venting is needed for safe operation of the unit, see instruction manual for detailed instructions
 Minimum distance from unit base to ceiling is 89"

Distinction

Distinction D4815 with NG Flame
(shown with speckled stones and driftwood)

Consult the owner's manual for complete installation instructions, product dimensions and proper clearances to combustible surfaces prior to installing fireplace. All specifications, framing dimensions, product designs, materials and colors are subject to change without notice. The actual flame pattern and color may vary slightly from the illustrations. Diagrams and illustrations are not to scale. Options & accessories may have associated surcharge.

WARNING

Some materials used in the manufacturing process of this product can expose you to Benzene which is known in the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65warnings.ca.gov
